## FLIER KNOWN HERE IS KILLED

Dewey L. Noyes Dies When  
Plane Crashes in Fog and  
Snow Storm

### VISITED MARION AIRPORT

Was Husband of Mrs. Blanche  
Noyes Well-Known Woman  
Pilot

Death riding through an east-  
ern fog and snow storm overtook  
Dewey L. Noyes 36 former chief  
pilot for the Standard Oil Co. of  
Ohio who has visited Marion on  
numerous occasions and a pas-  
senger late yesterday when the  
test plane they were flying  
crashed near Nunda, N. Y., 20  
miles southwest of Rochester.

The passenger was Edward M.  
Walter of Larchmont, N. Y., an  
assistant sales manager of the  
Ethyl Gas Co. of New York. Noyes  
was pilot for the company and  
has been living in Elizabeth, N. J.  
since he left Cleveland last  
former home two years ago.

The Noyes wife Mrs. Blanche  
Wilcox Noyes, Ohio's first woman  
commercial pilot also has visited  
here a number of times. She  
piloted the Standard company's  
auto-giro plane both Mr. and Mrs.  
Noyes flew company officials here  
at intervals and took part in the  
company's aviation activities in  
this district. Noyes formerly was  
an air mail pilot, being the first  
to regularly fly the mail between  
Cleveland and Pittsburgh, Pa.

The ill-fated plane in which  
Noyes made his last flight was  
destroyed when it plowed into trees  
in the midst of a dense fog and  
snow storm news dispatches re-  
ported. Both Noyes and Walter  
were thrown clear of the wreck  
age and apparently were killed  
instantly. The crash occurred at  
3:35 p. m. it was discovered by  
the dead men's watches which  
left stopped. The wreckage was  
not discovered until later. The ex-  
act cause of the crash was not  
given and the pilots log book  
failed to reveal where the plane  
was bound or from where it had  
come. Authorities thought Noyes  
was attempting to locate the  
American Air Lines emergency  
landing field at Nunda.

Noyes became chief pilot for  
the Standard Oil Co. in 1929. In  
1932 he flew for the American Air  
Lines between Cleveland and  
Nashville, Tenn. and left Cleve-  
land the following year to work  
for the Ethyl Co. On May 1930  
Noyes established a record by  
speeding from Cleveland to Col-  
umbus in 44 minutes and 55  
seconds.

Noyes had a near accident in  
the east several years ago. On that  
occasion he bailed out when his  
motor failed and thereby became  
a member of the Caterpillar  
club.

The flyer was a native of Rut-  
land, Vt. He was educated at St.  
John's college at Annapolis, Md.  
He formerly was associated with  
Clarence Chamberlin in a com-  
mercial aviation enterprise in New  
Jersey. Mrs. Noyes is a former  
motion picture and vaudeville  
player. Six months after her hus-  
band's death she flew to the  
1929 Women's air derby, a  
2,500-mile race from Santa Moni-  
ca, Calif. and finished fourth.

Noyes was apprehended yester-  
day by Bucyrus authorities and  
turned over to Marion police on a  
warrant which was issued July  
14. The warrant was one of 17  
issued in a drive on liquor violators  
fifteen persons were arrested at  
that time following a series of  
raids based on evidence buys.  
One other person is still sought on  
a warrant issued during the drive.

According to police Geiser left  
Marion between the time of the  
evidence buys and the raids. At  
the time of his apprehension he  
was employed in Bucyrus.

## LEAGUE HALTS PLAN TO INVOKE NEW SANCTIONS

Council Will Meet Next  
Wednesday To Discuss  
Whole Peace Problem

### AFFAIR NOW IN ITS HANDS

Eden Admits Proposal Could  
Be Altered, Egyptian Con-  
stitution Restored

By JOSEPH E. SHARKEY  
(Copyright 1935, Associated Press)

GENEVA, Dec. 12—Plans for  
settling the Italo-Ethiopian war  
were thrown into the hands of the  
League of Nations council late to-  
day after oil and other new sanc-  
tions had been sidetracked at a  
meeting of the league's sanctions  
committee of 18.

British delegates announced to-  
day the league council would meet  
next Wednesday to discuss the  
whole question.

The text of a Franco-British  
peace proposal will be circulated  
among members of the league  
within the next two or three days.

Eden Wants Council To Act  
Decision to place the matter in the  
hands of the council was  
reached after Anthony Eden, of  
Great Britain, had urged the coun-  
cil to be summoned at the earliest  
possible moment to hear a full  
statement of the peace proposals.

Insisting his nation will stand  
on its position that any final set-  
tlement must be acceptable to  
Italy, Ethiopia and the league,  
Eden declared.

If the league does not agree  
with these suggestions we shall  
make no complaint. Indeed we  
should cordially welcome any sug-  
gestions for their improvement.

The peace plan he asserted is  
neither definite nor sacrosanct.

In a secret session Eden and  
Premier Laval of France gave  
the committee only a rather vague  
outline of the proposal.

The French premier told his col-  
leagues the league must now de-  
cide on the war within the frame-  
work of the league.

M. Komarnicki of Poland told  
the committee his nation opposed  
the adoption of any new measures  
which would be calculated to ag-  
gravate the international situa-  
tion. His remarks were regarded  
as an allusion to the project to  
fix a date for the signing of an  
armistice against oil shipments to  
Italy.

Meanwhile at Cairo King Farouk  
of Egypt signed a royal decree re-  
storing constitutional government to  
his nation with London's as-  
sents.

The relation between efforts to  
settle the war as quickly as pos-  
sible and pour oil on the troubled  
waters of Egyptian politics was  
pictured in League of Nations  
circles as due to British wor-  
ry over anti-British demonstrations  
in Egypt which complicated the  
Mediterranean imbroglio.

Want United Front Reestablished  
Then too those circles said  
Downing Street is anxious to re-  
establish quickly the damaged  
front created by Italy, France  
and Great Britain at the  
Stresa conference.

Many states represented on the  
league's sanctions committee of 18  
took a firm stand against major  
concessions to Italy at the price of  
any impairment of Ethiopia's sov-  
ereignty or weakening of the  
league covenant.

Ethiopia itself formally rejec-  
ted the proposals today when Em-  
peror Haile Selassie at his field  
headquarters in Addis Ababa

## Naval Powers Turn Down Japan's Plea for Parity

American, British and Italian Delegates Flatly Reject  
Proposal; France Voices Opposition

(Copyright 1935, Associated Press)

LONDON, Dec. 12—Japan's de-  
mand for equality in naval  
strength was rejected at the inter-  
national naval conference today  
by the four other great naval  
powers and the British domin-  
ions.

American British and Italian  
delegates flatly rejected the Japa-  
nese proposal and had the sup-  
port of the British dominions  
while France expressed opposition  
chiefly on grounds of procedure.

It was understood the British  
took the lead in opposing the  
Japanese demands.

Meeting Breaks Up  
The meeting broke up at noon  
with the Japanese leaving hastily.  
Although they are usually the  
first to depart their hurried exit  
created the impression at the mo-  
ment that they were walking out  
of the conference.

Well informed sources said  
however the Japanese merely  
wished to submit certain questions  
to Tokyo.

French and Italian opposition  
to Japanese equality was under-  
stood to have resulted from the  
Japanese statement that they con-  
sider a common upper limit of  
naval tonnage should be confined  
to the United States Britain and  
Japan because there were no  
varying interests among those  
three.

The French objected to the  
idea of limiting a tonnage agree-  
ment to the three powers instad  
of their full rights.

The South Africans Canadians  
and Australians were reported to  
have spoken in opposition to the  
Japanese demands for equality.

Davis Stresses Three Points  
A spokesman for the American  
delegation asserted the speech of  
Norman H. Davis chairman of  
the United States delegation in  
opposition to Japan's proposals  
involved around three main  
points.

1. Adoption of the plan would  
cause an enormous increase in  
construction rather than a de-  
crease.

2. The proposal did not take  
into account the different naval  
needs of the powers.

3. It would upset the equilibrium  
established by the Washington  
and London naval treaties and

## NEED MORE STOCKINGS FOR CHRISTMAS PARTY

Committee Members Make Plea to Marion Women Who Can Give Time To Sew for Annual Event.

There will be anywhere between 800 and 1,200 disappointed kiddies as the third annual children's community Christmas party Christmas morning at the Palace theater unless the women of Marion as organizations and individuals respond to an S. O. sent out today by the "stocking" committee of the general committee in charge of plans for this year's party.

"The women of the city are doing wonderful work in assisting with the party plans," Gene Hill, general chairman of the party committee, said today in discussing plans for the event. "They're providing and donating dolls and they're helping in every way to be sure that no child will be overlooked at the party."

The need right now is getting the stockings made so they will be in readiness to be filled in time for the party, he pointed out. A large number have been taken out by various women's groups and many have been returned all ready for the "stuffing" but when it comes to providing stockings to be filled for more than 2,000 kiddies, it's a citywide job for the women who can sew, Mr. Hill believes.

Everything is going fine, is his answer to a query as to how the party plans are progressing, but his big worry right now is that the women will get so busy with their own family activities that they will not have time to make the stockings for the hundreds of less fortunate children in the city who already are beginning to think and talk about attending the party.

## RFC OFFERS BANK FUNDS TO REOPEN

By The Associated Press

CLEVELAND, O., Dec. 12—  
Stockholders and depositors of the  
closed Union Trust Co. studied to-  
day an offer of the Reconstruction  
Finance Corp. to invest \$15,000,000  
in preferred stock of a new bank  
or arrange a \$12,000,000 loan for  
another 10 per cent payoff.

The raising of \$15,000,000 cap-  
ital, although the actual cash out-  
lay would be only \$5,000,000 from  
depositors' stockholders and other  
citizens appeared to be the biggest  
obstacle blocking organization of  
the proposed new bank which  
would have total capital of \$30,  
000,000.

John A. Hadden, a spokesman  
for stockholders said he believed  
the plan for a new bank had a  
great deal of merit but its weak-  
ness if any is the raising of \$5,  
000,000 of new cash capital.

## The Stars Say—

For Friday, Dec. 12

A DAY of mixed influences is  
probably according to the com-  
plex but been certain of the plan-  
etial aspects. While there is finan-  
cial advantage with speculations  
and ambitious projects under fa-  
vorable direction yet there also are  
signs of opposition, hostility and  
friction of all open rupture. En-  
mity, jealousy and revenge may  
arise in business or may be par-  
ticularly operative in private af-  
fairs of a sentimental nature.

Those whose birthday it is may  
be prepared for a year of con-  
flicting conditions with the pros-  
pect of gain through speculation or  
important projects, but these are  
beet with jealousy and hostil-  
ity. This situation also may  
affect adversely the personal  
happiness and sentimental affil-  
iations. Shun rash and impulsive  
moves.

A child born on this day may  
be ambitious and talented but  
impulsive headstrong and reck-  
less thereby engendering enmity,  
jealousy and ill will. This applies  
to business as well as private af-  
fairs. Strict discipline and super-  
vision should be given in child-  
hood.

Notable nativities: Marc Connel-  
ly, dramatic author.

Two Colorado men have invented  
a device to eliminate carbon monox-  
ide from the air in gas filled enclosures  
to enable men to work about ac-  
tively safely.

## "Vendol" Relieved Backache For Well Known Ohio Man

He was suffering from pains in limbs and his kidneys were very active. Says new medicine gave much relief and now feels like himself again.

MR. JOHN W. ALLMON

"Before I started taking Vendol a few weeks ago, I was in pretty bad shape, so naturally feel very glad to see the big change which has taken place after taking this new medicine," said Mr. John W. Allmon, a popular young man of Canton, residing on Route 2.

"I am sure the worst of my troubles came from my kidneys, as they were very active both day and night. I had aches and pains in my back and it seemed every move I made sent pains racing through my back and muscles.

"In addition to this, my stomach was in pretty bad condition and I had to be careful of what I ate, because everything I turned sour, forming a gas which kept me feeling very uncomfortable. I suffered a great deal from constipation, and this required my taking some kind of laxative almost every night. My sleep was light, and would not comfortably rest me.

"I read almost daily in the papers that some men or women had to do about the relief Vendol had

given them, so I decided to try it. I have been taking Vendol for two weeks and do not hesitate to say that it has done all I expected. I find that the kidney weakness has been corrected, the pains in my back and limbs have disappeared, and the constipation entirely relieved. I go to bed and get sound refreshing sleep, and awake ready for work. Vendol also relieved my indigestion and I eat most anything I want without suffering later from gas, sourness or cramps. I am glad to add my words of praise for Vendol."

Vendol is sold and recommended by Henny & Cooper and all other leading druggists.—Adv.

## Hemorrhoids

**Quick Relief From Painful Piles**  
If you think an operation is always the only way to escape the misery of torturing Piles, it's because you haven't heard of HEM-ROID, the harmless internal medicine discovered by a western physician.

After years of study Dr. J. S. Leonhardt was convinced that the cause of Piles was internal—bad circulation of blood in the lower bowel—the hemorrhoidal veins filled with stagnant blood—and that the right and safe way to get freedom from Pile agony was to remove the cause with no internal medicine. Immediately the doctor set to work to find the remedy. He succeeded and called his discovery HEM-ROID.

Pile sufferers everywhere are benefiting by Dr. Leonhardt's discovery, so why doubt or delay when Henny & Cooper's HEM-ROID is at your disposal? "No matter what kind of Piles you have, one dose of HEM-ROID takes away the pain and the itching, and you can go to bed and sleep comfortably. HEM-ROID is sold by all druggists and by Henny & Cooper, Inc., 1111 Broadway, New York City.

# Louis, Uzcudun To Clash Friday

## BASQUE FACES HARD TEST OF PUNCH THAT HAS KNOCKED OUT 21

Spaniard Is 15 Years Older Than Opponent But Claims Victory

By The Associated Press  
NEW YORK, Dec. 12.—A 35-year-old Spaniard, who is the first to have been knocked out by a boxer in the world's history, will meet a 50-year-old American, who is the first to have been knocked out by a boxer in the world's history, in a fight that is expected to be one of the most exciting of the year.

It was on Dec. 14, 1914, that Joe Louis, then 19, defeated Max Baer, then 34, in a fight that was the first of a series of fights that have made Louis one of the most popular boxers in the world.

Although the fight is almost unanimous that Joe will beat the durable Basque, who is 15 years older and known more as a catcher than a puncher, the eagerly awaited fight is expected to last more than 100 rounds on the line to see if he will be the first man to knock Paulino off his feet.

Uzcudun at 35 has racked his jaw against 60 rivals and has come through unscathed. He is sure that Louis will not put him on the canvas for the first time.

Like Max Schmeling, who is slated to encounter Louis in June, Joe can get past Paulino, who is a good fighter who can hit him on the right spot.

The 21-year-old Detroit Negro has a record of 21 knockouts in 26 professional victories. He has predicted that he will stop Paulino inside of six rounds.

Few of Louis' rivals have been of the calibre of those who cracked their knuckles on Paulino, but John Roxborough, one of his former managers, summed up his progress thus:

Every time Joe has fought he has met and whipped somebody a little tougher than the man before. He was better against Max Baer than he was against Carnera. And he'll be better against Paulino.

The main bout is slated to get under way about 10 p. m. Eastern Standard time. There will be no broadcast.

## TIGER LINEUP FOR 1935 TAKING FORM

"Goose" Walker May Share Left Field Post With "Goose" Goslin.

By The Associated Press  
DETROIT, Dec. 12.—Goose Walker, the prodigious bat boy, who at times plays very good baseball, may get his big opportunity to establish himself as a star with the world champion Detroit Tigers in 1936 despite the club's \$75,000 purchase of Al Simmons.

Simmons' coach says he will be in centerfield for the Tigers next season. Pete Fox, who established himself securely by his play through the regular season and in the '35 World Series, is almost a certainty as regular right fielder.

That leaves left field as the battle ground for young Walker and the aging but still very capable Leon (Goose) Goslin, whose single won the World Series against Chicago's Cubs. Baseball scouts are convinced the younger (Go-Jo) White fleet line fielding centerfielder of 1935 will be sold or traded soon because of his batting weaknesses.

Goslin still is valued highly by Coachman. As players say he can come through in the clutch and is a source of inspiration to the younger players. But Coachman feels the Cubs may not be able to play a full season and that Walker will be able to take his place.

Walker's principal problem is to control his temper and forget the jockey in the opposition dugout. He can hit. Last season he was top for the circuit as a pinch hitter. He is extremely fast and has plenty of courage. The trouble was that when he reached first he often made bad base running errors.

Cochrane is confident that Walker when he learns to use sound judgment in his dashes around the sack will be one of the American league's brightest young stars.

## Trautman, Former Bucyrus Resident, Is New President of American Association

By United Press  
CHICAGO, Dec. 12.—George M. Trautman, husky red-headed president of the Columbus Baseball club yesterday was elected chief of the American Association to succeed Thomas J. Hickey.

Trautman, former Ohio State athletic coach and assistant athletic director, was named for a two-year term. His salary was not announced but it is believed he will be paid \$10,000 annually.

Hickey was retired and placed on a \$200 monthly pension by the association last month. He organized the league in 1901 and had served as its president since 1915. He is 74 years old and his success is 45.

Trautman was elected after Hickey, representatives fully refused to vote for L. Carlo McEvoy, vice president of the St. Louis Browns. Billy Evans, general manager of the Cleveland Indians also had been mentioned for the position.

As a result of Trautman's election, the association headquarters will be moved from Chicago to Columbus.

The new president graduated from Ohio State in 1911 after starting in football basketball and baseball. During the next two years he was athletic director at Fostoria, O. High school. While there he developed Pete Stach, coach Ohio State's All American halfback.

In 1915 Trautman returned to Ohio State as assistant coach in basketball, baseball and football. He was a civilian athletic instructor during the World War at Camp Sherman, Monticello, Ala.

## Report Cubs To Trade Klein for Philly Hurler

New York Swaps Allen to Cleveland for Pearson and Sunda

By The Associated Press  
CHICAGO, Dec. 12.—The Chicago Cubs have agreed to trade their star pitcher, Lefty Klein, to the Philadelphia Phillies for a hurler who is expected to be a valuable addition to the team.

Where the Tigers needed a d got another strong outfielder in Simmons, the Cubs most promising last season was one more reliable starting pitcher.

It was reported that the on-off deal by which the Cubs would obtain Curt Davis, a right hander of the Phillies for Outfielder Chuck Klein was on again.

The most reliable report had it that the Cubs would return Klein for whom they gave a reported \$100,000 and three players in 1933 to the Phillies for Davis. In addition the Phillies would receive a pitcher and possibly a little more.

The American league completed the only transaction of major importance yesterday. The New York Yankees gave line Cleveland Indians John Allen, talented temperamental right hander for a pair of hurlers, Monte Pearson and Steve Sundra. The amalgamation of hotel lobby orators was not able to decide which it preferred in the deal.

The rampaging Red Sox showed signs of again becoming active to day. It was rumored they would give Outfielder Roy Johnson for his brother Outfielder Roy Johnson in a straight swap Tom Yawkey, team with the Boston bankroll and his general manager, C. G. Collins, also were selected in a mysterious midnight huddle with Clark Griffith, owner of the Washington Senators.

The finish of routine business was on the program for today with the two big leagues meeting in joint session. Both organizations passed the following legislation in their own meetings yesterday.

It was agreed to alter schedule so that each club will play four inter league series a season instead of three. It was also agreed to make action to stay away from broadcasts of games in parks where such activity is barred.

Said George (Pete) Clark, the Lions coach. Both teams know about all there is to know about the game. Both teams have great lines, fast running backs, great blockers and fine passers. It should be a real battle.

Both Coach Clark and Coach Steve Owen of the Giants are worried about the overhead game. Records show the New Yorkers completed 69 of 154 passes tried for a gain of 660 yards. The Lions completed 53 of 141 for a gain of 916 yards.
